**Local tips:** La Confiteria Ideal (Suipacha 384) is an old, classic café, where you can dance the tango. Head to Comme Il Faut (Arenales 1239) for the best tango shoes. For local crafts, such as ponchos, ceramics and leather belts, go to Kelly's (Paraguay 431), and I love Feria de San Telmo (Plaza Dorrego), the city's flea market.

**Packing tips:** 1. Never fold, always roll clothes when packing. 2. Keep shoe bags. My favourites are the red dust bags from Christian Louboutin – they're ideal when it comes to packing bathing suits and lingerie.

**Style tips:** 1. I love Azzaro's terry-cloth djellaba. I wear it when I go to Punta del Este (in Uruguay) for the weekend. 2. I pick Frangipani flowers from the trees to tie in my ponytail for dinners outside. It also saves on perfume!

**Stay at:** The Park Hyatt in The Rocks, for a sensational view.

**Eat at:** La Locanda, in Bronte, for authentic Italian food, and Bodega for great tapas in Surry Hills.

**Shop at:** Willow and Scanlan & Theodore, both in Paddington, and Country Road at Westfield Bondi, which also hosts a great Sunday market.

**My holiday read:** *The Shock Doctrine*, by Naomi Klein.

**Local tips:** I love the Clavelly to Bondi coastal walk along the cliffs and through the old cemetery. I hardly ever make it to Bondi beach; I like to stop off for a smoothie at my favourite Tamarama Café and catch up with friends. Be sure to go swimming off the rocks at Gordon's Bay.

**Style tips:** 1. I take one of my long wrap dresses in my beach bag, which I put on if we go straight on for sunset drinks. I wear it over my bikini, add big earrings and slick my hair back into a ponytail with sea water.

2. I'm into beach biker style! I like cotton-drill biker jackets worn over bikinis, seen at 3.1 Phillip Lim's cruise '10 show.

3. I love leopard print, but in unexpected shapes – such as the high-waisted trousers at Chloé's cruise show – for summer nights.

4. Log on to Aldo's online store for the perfect pair of wallet-friendly wedges.

**Beauty tip:** Lucas Papaw Ointment is a perfect lipstick post-beach. It heals my sun-soaked skin and adds a natural gloss. I also carry Kai Perfume Oil in my bag to roll on after the beach.
